31 July 1962

MEMORANDUM TO: The Deputy Director

VIA: The Executive Director

1. Allen W. Dulles telephoned me and asked me to give quick treatment to the attached draft of a speech he plans to deliver on 9 August 1962 before the Third Session of the Assembly, California Masonic Memorial Temple, San Francisco, California.

2. Security made a quick check and has no objections, but, as you will note in their attached memo, questions whether he refers to the speech the Agency secured covertly which is a matter in the public domain. I feel sure it is the same speech because he mentioned it on his TV telecast.

3. On page 8, however, where I have put a clip, Mr. Dulles says something that he has said previously, but in view of Hanson Baldwin's recent article, this one paragraph might be looked at again. He states:

25X1C

"It is not just knowledge, science and technology have been
